

Ordering procedure of eibPort LAN version 3 with GSM Module

The SIM-card for GSM Modem has to be provided by the customer. For safety reasons the SIM-card is assembled hardly into the eibPort and so it must be available before final assembly. Please note following information regarding the ordering procedure:

Article numbers:

10304 eibPort LAN version 3 KNX + GSM

11304 eibPort LAN version 3 Powernet KNX + GSM

13304 eibPort LAN version 3 EnOcean + GSM (available Q1 / 2013)

Technical data GSM Module:

- Quad Band GSM Modem (850/ 900/ 1800/ 1900 MHz)
- SMS sending and receiving

Requirements of the SIM-card:

1. Provider: Provider must ensure a good signal at the mounting location.
2. Tariff: Because eibPort will send and receive SMS, the tariff should offer cost advantages according to that. In order to do a first test with the SIM-card after mounting, "Roaming" should be enabled (in case the provider is located outside of Germany).
3. Size of SIM-card: For eibPort the SIM- card size „Mini“ is needed (see figure below, red circled) . Here is an overview of all SIM-cards sizes:

Procedure:

1. Please order the eibPort with declaration of a unique **commission number**. After that, you will get an order confirmation, combined with a pre-printed covering letter.
2. Please fill in necessary data into the document „*Form_SIMcarddelivery.pdf*“, print it out and sign it. Please do not forget stating the **PIN number**. (Please note: The document cannot be saved, but only can be re-printed as PDF-file if storage on the hard disk is desired).
3. Please send the **already activated** SIM-card with the **size „Mini“** (or other formats with a corresponding adapter), together with the form as mentioned above, to the following address:

b.a.b-technologie gmbh
Inhouse Dortmund Ebene 3
Rosemeyerstraße 14
D-44139 DORTMUND

4. For testing the GSM module with the SIM-card supplied by you, two SMS messages will be sent (with costs). One SMS-message will be dispatched to an internal test number, a second one will be sent to a **phone number desired by you**. Please fill in this phone number with corresponding country code into the form mentioned above.

Thank you very much for your order and your cooperation!
