FLATTOUCH

TECHNOLOGY TO TOUCH.

FLATTOUCH
TECHNOLOGY TO TOUCH.

The **FLAT**TOUCH impresses with its high-quality manufacturing and the seamless touch surface, which is enclosed in a solid aluminium chassis. This makes it a robust, and with a depth beginning at 38 mm, an extremely flat touch panel PC with Vesa wall mount. Whether reception area, sales room, hospital or Smarthome: The widescreen LED LCD and the support of multi-touch gestures make the **FLAT**TOUCH a visually appealing control unit for any building visualisation. Together with the pre-installed launch software CONTROL **T** 2, the **FLAT**TOUCH becomes your individual information centre for your project, which is available in four different sizes.

OVERVIEW
TECHNICAL SPECIFICATIONS

«No visible connections thanks to detachable cover.»

- Extremely flat Panel PC with capacitive touch surface
- Depth: 48 mm 15.6", 18.5" and 21.5"; 38 mm 10.1"
- Display: Color Wide Screen LED LCD
- Front: Continuous surface
  (Polyethylene Terephthalate)
- Touch screen: Projected capacitive touch

Dimensions W x H x D (in mm) and weight (in kg):
- 263 x 170 x 38, 1.5 (10.1")
- 396 x 245 x 48, 4.5 (15.6")
- 464 x 284 x 48, 6.8 (18.5")
- 536 x 328 x 48, 8.0 (21.5")

Resolution in pixels:
- 1366 x 768 (15,6" / 18,5")
- 1920 x 1080 (10,1" / 21,5")

Backlight in cd/m2:
- 380 (10,1")
- 220 (15,6")
- 250 (18,5" / 21,5")

Processor and graphics:
- Intel® Celeron J1900 quad-core processor up to 2.4GHz
- Intel® Baytrail Chipset
- Intel® HD Graphics (Baytrail)

Connections (depending on variables):
- 1 x USB 3.0, 4 x USB 2.0
- 2 x RJ45 Gigabit LAN (1 x with 10.1")
- 1 x VGA
- 1 x DVI-D (15.6" / 18.5" / 21.5")
- 1 x mini-PCIe

- Main memory: 4 GB DDR3L 1333 SO-DIMM max. 8 GB
- Hard disk: 500 GB HDD 2.5" SATA 3
- Operating system: Windows 10 IoT Enterprise DE pre-installed
- Speakers: 2 x 2 Watt
- USB: 4x USB2.0, 1x USB3.0
- Camera: 2 MP Webcam built in front
- Monitor output: 1x VGA
- Slot: 1x Mini-PCIe

- Protection: IP 65 Front
- Colour: Black
- Mounting: VESA 75 mm bracket
- Power supply 19 V DC (power supply unit included)
- Operating temperature: 0 °C to 35 °C
