The eurowsec Dual Technology Range of Detectors

V40DT

The eurowsec Dual Technology detector with 8m coverage provides high levels of catch performance and false alarm immunity.
(8m x 8m coverage)

V40QDT

The eurowsec Quad Dual Technology detector with real quad element sensor provides additional false alarm immunity with exceptional catch performance in even the most hostile environments.
(12m x 12m coverage)

V40DTPI

This Pet Immune Dual Technology detector is the ideal solution to all those residential installations with pets and provides full pet immunity to 75lbs (33Kg).
(12m x 12m coverage)

**PROTECT YOUR

TECHNOLOGY**

FEATURES

New design lens with 30 lens elements
for full coverage

Improved False Alarm Immunity

High RFI Immunity

Pet Immunity

Selectable Pulse Count to react to the specific
environment

White light protection, pigmented lens

Optical protective sleeve to prevent insect intrusion

Automatic Temperature Compensation

Internal Cable Duct

The V40 range of movement detectors has been expanded to incorporate Dual Technology and Pet Immune versions. These new models provide exceptional catch performance whilst ensuring the highest levels of false alarm immunity.

The V40DT Dual Technology detector has coverage of 8m x 8m and combines Passive Infra Red and Microwave detection. Designed for use in residential and commercial environments an alarm is generated only when both technologies detect an intrusion.

The V40QDT Dual Technology detector combining Quad Passive Infra Red and Microwave detection, is the most advanced model in the range providing the highest levels of catch performance and false alarm immunity in harsher residential and commercial environments. With 12m x 12m coverage this unit is the ideal solution for those more difficult installations.

The V40DTPI Dual Technology detector is a Pet Immune version incorporating full Pet Immunity to 75lbs (33kg). This sophisticated detector provides 12m x 12m coverage and is the intelligent choice for all your residential installations with pets.
